COVID Update

Per our school administrator call this morning with Four Corners Health Department: Our region remains in **orange**, Butler County has many new cases. Please continue to practice social distancing and masking when close to others. Detailed region information available at fourcorners.ne.gov.

*** We continue to provide elevated protections for the students.** They are in masks all but when they are at their desks 6 feet apart, to/at PE, while eating 6 feet apart, and to/at recess outside. This should not result in close contact exposures per the Four Corners guidelines.

***Please make sure your child has a water bottle and a mask each morning.**

How to do SEL at home?

Several parents have asked how they can support the Social-Emotional Learning program, *Choose Love*, from home. **Page 2** has some ideas for **Gratitude** for this quarter. I hope you find it helpful! Please let me know what you think. We have the program rolling, but we know it will continue to get better each year.

There is an amazing result from talking about virtues with your child. Even if they don't do *anything differently*, after discussing any of the activities, your child will **feel** like they are already doing better at it! There is a psychological phenomena that people who **look at** the salad on the McDonald's menu report eating healthier, even if they order the Big Mac. I think that is what happens with the kids—they **feel like** they are growing in that virtue, even though they haven't put it into practice yet. At least we are one step closer to seeing the benefits of it! **May god richly bless your efforts.**

God Bless, Mrs. Zook
