2021-22 Theme

Dear Friends of Aquinas Catholic Schools,

I hope that this note finds you well and enjoying the last few weeks of the school year. More than 500 guests were able to enjoy our 24th annual Jamaican Jam Gold Rush event on April 1st. Not only was it a fun, sociable evening for our benefactors, alumni, parents and grandparents, it also raised **a record amount of over \$370,000 for our Catholic Schools!** That is incredible! Thank you donors! Our Aquinas Community is incredibly blessed with awesome people who recognize the great importance of a Catholic education. They value it and appreciate it, and support it with their hard-earned money. They also know what wonderful teachers and staff we have at both schools.

Our goal for the Blue Sky auction at the end of the night was to raise \$20,000 to purchase six interactive 75' touch screens to replace our aging Smart Boards. The plan was to have three in the Elementary classrooms and three in the Middle-High School. However, the support (more than \$46,000) was so overwhelming that we will now be able to install seven new touch-screen monitors in each school building! Thank you!

I would like to thank again outgoing Coordinator Deb Svec for another amazing night for our Catholic Schools. Deb's 29 years of leadership will be greatly missed. However, we are excited that Michaela Moravec, an eleven year Committee veteran, will be our new Advancement Director and Gold Rush Coordinator beginning this summer. I think there will be a smooth transition for the next school year and our 25th anniversary Gold Rush celebration next April.

The Gold Rush Committee works very hard throughout the entire year to go above and beyond expectations, gives all of us a fun experience to remember, and have another opportunity to be very proud of Aquinas Catholic Schools. We are grateful to the Russ and Diane Moravec family for their dedicated service to Gold Rush since the very beginning two decades ago. Also, what would our night be without the delicious NaturAll prime rib donated by Dr. Ray and Lu Metzner? Thanks so much to the Metzners and the many, many others who so faithfully support us by their gift of time, talent, and treasure.

We realize that not everyone is able to attend Gold Rush, but we greatly appreciate everyone's support of our schools. Regardless of how you specifically help us further our mission of teaching and forming the next generation of Catholic young people, be it by volunteering or making a sacrificial financial gift, we are grateful. I thank you, and our students thank you. May our good God reward and bless you abundantly.

Yours in Christ,

Fr. Sean M. Timmerman

Recent news

- **Administrative open house/town hall-** I will be putting on an open house/town hall with Father Ventre Tuesday May 3rd at 7:00pm in the North Gym. This will be an opportunity to meet either/both of us and ask questions you may have about any topic, especially in regards to recent incidences at school.
- **HS Finals schedule-** The schedule for HS finals on May 18th and 19th is included on a separate page.
- **Last days of school**
 - Seniors: May 5th (classes), May 6th (bowling), May 10th (locker clean out, baccalaureate/graduation practice), May 11th (Baccalaureate Mass). A more detailed schedule for the seniors' last days is included on a separate page.
 - PK-8: May 18th
 - 9-11: May 19th (finals May 18th and 19th)
- **Bowling days-** HS bowling will happen on Friday May 6th, and MS bowling will happen on Tuesday May 10th. Both will happen during the school day and school transportation will be provided.
- **Orientation/Picture Day in August-** One change for the 2022-2023 school year will be a day of orientation for 6-12 students on Tuesday August 16th. The first day of classes will be Wednesday August 17th. We will get school pictures for 6-12 students taken care of on Orientation Day, as well as a beginning of the year assembly and review of expectations, handbook changes, etc. Two main areas of focus during Orientation will include technology updates/acceptable use, and a "transition day" for incoming 6th graders or new students to learn the building, meet teachers, etc.
- **Handbook changes-** There will be a number of changes made to the student handbook for the 2022-2023 school year. As changes are determined and finalized, the updated handbook will be sent out to everyone, especially as we progress toward the start of the 2022-2023 school year.
- **Priest changes-** As you may have heard, the David City deanery will be saying goodbye to a number of priests and welcoming (back, in one case) some others. I would like to express my sincere gratitude to Father Timmerman, Father Kain, and Father Buhman for making this an easy transition the past year. Thank you all very much, and we wish you the best of luck!
 - While not assigned to a role in Aquinas Catholic Schools, we will be welcoming Father Brian Connor as pastor of St. Mary's Parish, along with a yet-to-be-named newly ordained priest as assistant pastor. Father Ventre will become the CAO for Aquinas Catholic Schools and will be in residence at St. Mary's. Father Adam Sughroue will become pastor of both Presentation and St. Francis Parishes and will live in the Presentation rectory. Please help me welcome them to the David City deanery!

Kindergarten

The Kindergarteners learned all about plants! We talked about their different parts—roots, stem, leaves, flower, and seeds. Then the students all got to plant their own flowers! We have been watering them and can't wait to see if they grow!

Mrs. Alison Fozzard & Mrs. Katie Vavrina

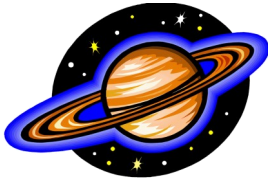

First Grade

The First Graders review some skills taught in Math class every day when we do our Calendar. We always identify the day of the week and the date. Then we practice telling time, money, patterns, shapes, tally marks, place value, and counting by 1, 2, 5, 10, and 100. Finally we do a mental math problem or write a number sentence for a story problem. These are all good skills to practice each day so that we know them very well.

Mrs. Kelly Tvrdy
& Mrs. Sandy Vavrina

Third Grade

The Solar System has been fascinating to the students! They have learned a lot of facts and details about each of the planets, the moon and the sun.

One interesting fact the students learned about Jupiter is that it is not only the biggest planet, but the giant red “spot” on it is a storm that has been raging for more than 300 years!

All the Reading Groups have or are currently reading a chapter book. The students do such a great job of remembering all the facts from these stories. They have certainly progressed in their reading abilities and their ability to recall information. Remember to encourage your child to read more chapter books over the summer.

We are really looking forward to our big event...our field trip to Morrill Hall and the Villa Regina Motherhouse. At Morrill Hall, we will tour the museum and then watch a movie about space in the planetarium. At the Motherhouse we will visit with the School Sisters of Christ the King, learn about their vocation and eat lunch with the Sisters. We are all looking forward to this exciting day!

Mrs. Janak and Mrs. Naiberk

Fourth Grade

Mrs. Smith’s fourth graders made earth lodge and tipi dioramas as they learned about Native American homes in Nebraska history. In May, all of the fourth graders will take a field trip to the state capitol building in Lincoln, as well as the Saunders County historical museum. This will culminate our study of our great state of Nebraska!

As the school year comes to an end, Science seems to be exploding, literally with volcano projects, Motion labs, and Chemistry knowledge. We never seem to have enough time to do all the cool things we come up with in science. Hopefully the students will take what we have learned and apply to their everyday life.

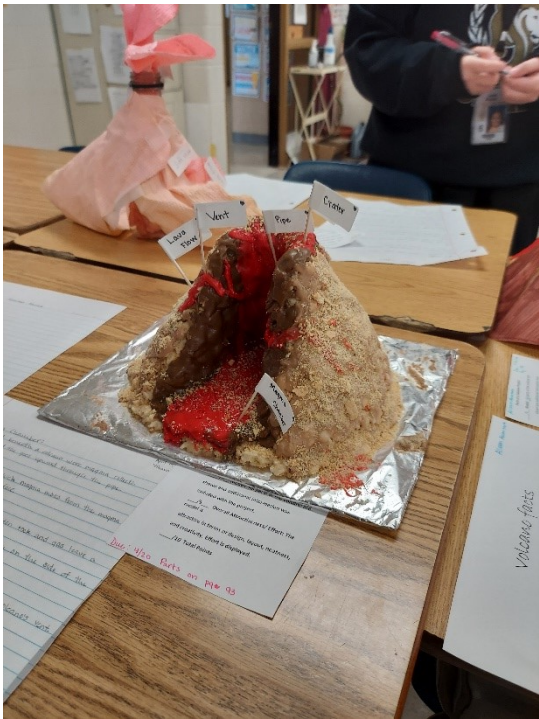

8th graders are learning mixtures, compounds, molecules, and memorizing elements on the periodic table. We discussed homogenous mixtures (solutions/ Kool-Aid) and heterogeneous mixtures (Chex mix) and the differences and similarities as well as how they are different than compounds.

7th graders have been learning about Newton's Laws of Motion. We did a Sneaker lab that discussed the starting, stopping and sideways friction of different tennis shoes. Then we performed labs that showed each of Newton's laws as well as momentum conservation. Next we will be learning Pascal's Principle, Bernoulli's principle as well as Archimedes' Principle. Then the students will design tin foil boats to hold the most mass.

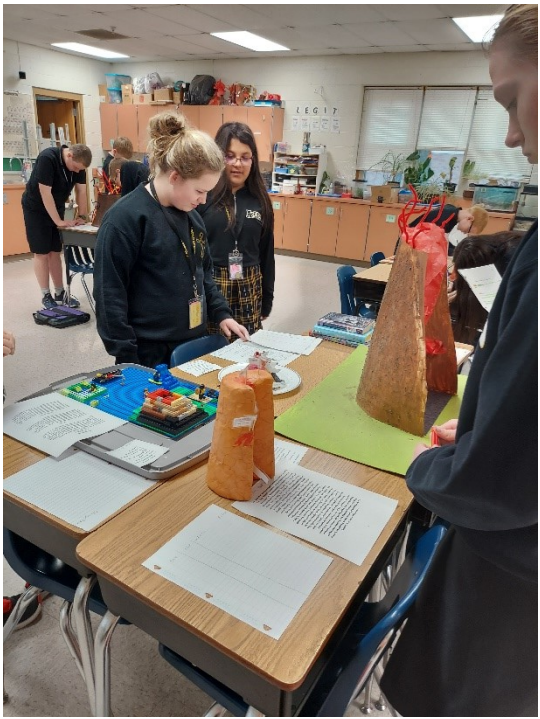

6th graders have learned about earthquakes and volcanoes. They then created 3D models of a volcano to show the parts we learned. Volcanoes were made out of Legos, clay, paper, rice crispys, even lampshades. It is always amazing what these students come up with. We will finish up the year with rocks and minerals. May sound boring but when you get to scratch, weigh, and even taste samples to identify them it gets a little crazy.

The 8th graders astronomy unit had them looking at the moon and its phases. They were able to see the moon phases change right up to the Paschal Pink Full Moon on the Easter Vigil. Did you know that the date of Easter depends on the First Sunday after the Full Moon after the Spring Equinox? So spring begins March 20th so the first full moon after that was Saturday April 16th so Easter was on the Sunday April 17th. Love when our Science connects with our religion! Hope everyone has a great Easter season.

Dear Parents,

This is the May 2022 Semester Test Schedule for grades 9 - 11. Semester exams count for 20 percent of the total semester grade, so I can't stress enough the importance of being prepared. Please encourage your sons and daughters to prepare for these exams. Some students tend to procrastinate, so a reminder from time to time may help to keep them focused. This is an opportunity for students to raise their grades. Take advantage of it.

Dear 2023 Seniors and Parents of 2023 Seniors,

Theme

Next year your son/daughter will be a senior. One of the most lasting and treasured reminders of this year will be the senior pictures which will be taken over the summer or the first part of the school year. You will be responsible for getting the following senior pictures to Mrs. Pokorny by **November 1, 2022**.

You need to have your photographer email your colored formal pose picture in a vertical billfold sized JPEG file at 250 dpi to me for the yearbook, composite, alumni board, press releases, and class video. This picture should be the colored formal indoor pose with a plain background. (This should be a head shot with no hands or lower arms visible please.) You are responsible for making sure the school has this by November 1st. They may email this to Mrs. Pokorny at teresa-pokorny@cdolinc.net

If we do not have your print by November 1st, you may miss out on being in the composite, yearbook, etc. or have to pay for the late fee to be included. Be sure to schedule your pictures to be taken by September 1st.

As we at Aquinas should always strive to live up to Christ's example of modesty and Christian decency, we ask that no inappropriate pictures be submitted for publication. This would include:

1. **Females-no off-the-shoulder dresses or blouses**
2. **Females-no tops with an immodest/low cut (cut of the top must be 1 inch above the line of cleavage); no spaghetti or thin straps on shoulders for dresses or blouses**
3. **Males-wear a collared shirt and tie. (A jacket is preferred but optional.)**
4. **Nothing that goes against the current dress code, for example-tattoo/body piercing, hair length (MUST be above the collar of the shirt), 'fad' hair styles, facial hair, etc.**

***Remember that by a colored formal pose, we are asking for a head shot with no hands or lower arms visible in the picture. The background should be plain/one color and NO outdoor shots.**

Again, remember to have your photographer email your colored formal vertical pose picture in a billfold sized JPEG file at 250 dpi to Mrs. Pokorny by November 1st.

The administration reserves the right to refuse any portrait deemed unacceptable or immodest. Please read and follow the instructions we have provided and there should be no problems.

Please note that you **MUST** sign the publicity permission form sent out at the beginning of the school year in order to have the senior picture as part of our composite, yearbook, and any other publications who might ask for the formal shot.

If you don't plan to have senior pictures taken, Ms. Brown will take a formal head shot picture, but this must be arranged with her before November.

If you have any questions, please contact Mrs. Pokorny at 367-3175. Best wishes and have an enjoyable summer.

Sincerely,
Teresa Pokorny
Senior Class Moderator Aquinas High School

Seniors and Kindergarten!

The seniors made their last visit with the kindergarten students on April 21st. The seniors visited the classrooms once a month over the school year. It was a positive experience for the seniors and kindergarten students! The seniors learned a new appreciation for their elementary teachers because the young ones have a great deal of energy and the seniors were usually exhausted but entertained after each visit.

Art Day Camp organized and sponsored by the Butler County Arts Council returns to the Aquinas Art room this July with a choice of up to six different sessions with activities taught by excellent art instructors. There are two 2 hour sessions per day beginning on Wednesday, July 27th at 10 am with Diane Noonan teaching origami (the art of folding paper into shapes) to create unique works of art. That afternoon at 1 pm – Addie Zook leads how to draw cartoon portraits on shrinky-dink sheets to make your own keychain or charm. Thursday, July 28th at 10 am - Sarah Juranek teaches how to make a woven hoop wall hanging utilizing a hula hoop as a frame, material, yarn and beads. At 1 pm - Addie Zook will teach how to create colorful beads in polymer clay. The unique items created with these will be done after the beads are fired & cooled. Friday, July 29th at 10 am – Gabrielle Comte will introduce a simple screen printing method which uses easily found equipment and can be used on paper and fabrics to create multiples of a design. 1 pm - Diane Noonan will lead creation of pop-up cards which delight people of all ages.

The Art Day Camp instructors this year include:

Sarah Juranek who is a recent graduate of the studio art program at UNK returning for her 5th year of summer teaching for this program.

Diane Noonan is a new art day camp instructor but an experienced art teacher from David City H. S., a member of Columbus Area artists for over 20 years & board member for Association of Nebraska Art Clubs.

Gabrielle Comte is a returning art instructor and UNL grad in Visual Arts employed full time by Bone Creek Art Museum.

Addie Zook is a gifted artist & graduate of Aquinas who taught art day camp last year and is now a graphic design major at Benedictine College.

From the summer sessions samples of the artwork will be on view in the library during the month of August. Direct any questions to Anna Nolan (anolan@bonecreek.org) who is volunteer administrator of the Butler County Arts Council and can be reached by text or call at 402-641-6458.

Pre-registration required

Sign in between 9:15 am and 10 am each day

Fees include art materials.

Participants are responsible for noon lunch.

Students will be able to take home a finished artwork from each session.

Registration form must be signed by parent or guardian.

Applications will be online with Butler County Arts Council website and Bone Creek Art Museum website and available in the David City library and at the Aquinas office window and in the Bone Creek Museum of Agrarian Art at 575 E Street, David City, NE 68632.
